

Agenda Item 6 - Proposed Reduction in Club Membership Fee

At present the annual membership fee is £19 (British Orienteering fee £15, SWOA fee nil, plus NGOC fee £4) a potentially significant sum for those taking up the sport for the first time, or competing only occasionally. The income to NGOC from membership fees is small, last year £468, less than 10% of the total club income. **It is proposed that to encourage "Independent" competitors to join the club the NGOC element of the membership fee will be reduced to a nominal sum of £1.** *(The BO and SWOA fees for 2022 are not yet known).*

Change Proposed	VOTE (for/against change)
Reduce the NGOC element of the annual membership fee from £4 to £1
